R850 Mobile Hotspot

To Enable Hotspot
- Press and hold the Power button until the LCD screen displays **Welcome**
- Short press the power button one time to see the Wi-Fi Name and twice to obtain the Wi-Fi password (Wi-Fi name and password are also on the top of Hotspot)

To Turn Off Hotspot (always turn off when not in use)
- Press and hold the Power button until the LCD screen displays **Goodbye**

To Charge Hotspot
- Check battery icon on LCD screen to see if Hotspot is fully charged (battery life is 8-10 hours)
- If battery life is low, plug charger cable into Hotspot and then into wall outlet (approx. 3 hours)
- *IMPORTANT*: Do not leave Hotspot plugged into outlet or overcharge device.
- **Remove from outlet once it is fully charged**

Tips to Maximize Internet Browsing Speed
- Place the Hotspot in a location where signal strength is strongest (e.g. near a window)
- Keep it at least 4-6 feet away from electrical devices such as cell phones, cordless phones, TVs
- and microwaves
- Keep it in a clear open space for best signal reception
- Connect as few devices to the Hotspot as is necessary
- Power the Hotspot off when it is not being used
