These books and many others your kindergartner would enjoy are available at both your school and public libraries. During the summer it is important to read daily to your child, and to have your child read to you. Children love to tell and retell the story as they look at the pictures. Telling the story is a valuable step toward independent reading. The Valley Cottage and the Nyack Public Libraries have a wonderful summer reading program for your children to join called; *Adventure Begins at your Library*. The public libraries also have many free storytimes, craft and activity programs for preschoolers through teens during the summer. A library card (and they are free) and a love of books are two of the most wonderful gifts you can give your child.
